

about maintaining and keeping this information. She made the point the City had paid for it so they should keep it.

Steve Schafer – spoke in opposition of resolution 2004-53. He requested this resolution be pulled from the consent agenda because he felt the “whereas” reasons stated in the resolution were not accurate or cost effective.

Tim McDonald – spoke in opposition of resolution 2004-53. McDonald stated he had similar machinery as the 966C and felt the City could save on labor and did not need to spend that money. McDonald stated road restrictions would cause problems and double the City’s garbage cost and the Boroughs cost because 75% was gross vehicle weight and each dump truck would only be able to carry approximately 50% of their load. This would result in twice as many trips through Forest Acres for the same amount of garbage.

Approval of agenda and consent agenda

Motion (Branson/Valdatta)

Approval of Agenda and Consent Agenda

The following was removed from the consent agenda and placed on the regular agenda.

Resolution 2003-53, approving the purchase of parts for the repair work to the 966C caterpillar front end loader, not to exceed \$12,500.00.

Motion passed

Unanimous

The clerk read the following approved consent agenda items:

Resolution 2004-51, authorizing the City Manager to pay Chugach Electric Association, Inc., \$11,932.88 for repairs to the 115 KV transmission line damaged by a state initiated avalanche at Milepost 38.

Resolution 2004-52, authorizing the City Manager and staff to apply for a grant from “Save America’s Treasures” in order to stabilize and preserve the Jesse Lee Home.

Resolution 2004-59, to approve \$51,620.00 to be paid to CRW Engineering for Construction Management Services on the North Seward Water System Project from Grant #76911.
