

Clark thanked the above and added thanks for the support of the business community with the legislative reception in Juneau. He congratulated the new members on the Planning and Zoning Commission.

Blatchford thanked The Youth Center for the caps and congratulated Dennis Lodge on his reappointed. He described the success of his and the City Manager's visit in meeting with our federal delegation in Washington D.C. He thanked Bob Valdetta for his great ideas and comments and assured him that the Council was working on the issues he raised.

Citizens' comments

Dennis Lodge, 12286 Lancelot Drive, observed that the best fish cleaning station he had seen was in the Valdez boat harbor. This system piped the fish waste into sealed containers.

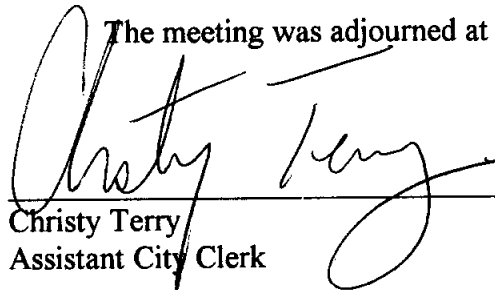

Jim Collman, 609 4th avenue, noted Ron Long's ongoing work in the community as a good example of citizen's involvement. He stated that the whole industry benefitted from RCAC's monitoring. Collman stated that he would like to see the Jesse Lee Home preserved. He also stated that there was an old time cement mixer from the same time period in town that could be refurbished as an exhibit.

Council and administration response to citizens' comments

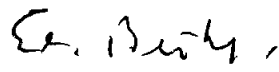

None.
